## Who We Are

GlobalMedic is the operational arm of The David McAntony Gibson Foundation and has provided life-saving aid in the aftermath of disasters since 2002. We were founded based on the idea that aid could be delivered more effectively and efficiently. Principally, GlobalMedic's goal has always been to get the right aid to the right people at the right time. Professional emergency workers along with other professional and skilled volunteers help deliver our programs to the people who need it most.

GlobalMedic strives to be innovative and cost-effective in every aspect of our organization. Whether it is re-imagining existing products, developing our award winning RescUAV program or finding new ways to engage Canadians, we are always looking forward.

## NEWS

### Canada Flood Response 2019

Severe flooding from the spring thaw and heavy rains affected over 17,500 homes in Quebec, Ontario, and New Brunswick causing more than 12,196 residents to evacuate. Landslides and washed out...
